

## MX-PE14 FIERY® PRINT SERVER

### Lead with exceptional speed and quality with the Sharp Pro Series MX-7090N and MX-8090N Color Document Systems

**With the MX-PE14 Fiery® Print Server, these Sharp Color Document Systems become powerful integrated solutions for managing office workgroups and production environments.**

#### **Productivity starts with a fast RIP**

The MX-PE14 Fiery® Print Server, based on the latest Fiery FS300 software, enables you to print large and/or complex Microsoft® Office® documents, PowerPoint® files and color-critical PDFs accurately and quickly. It improves throughput and productivity by printing one page while processing subsequent pages, and by storing processed pages in memory before printing.

#### **Get your corporate colors right**

Produce precise, consistent color from all applications, platforms and formats with Fiery color management technology. Accurately match and manage corporate, PANTONE®, and custom spot colors with Fiery Spot-On™ to ensure consistent reproduction of your brand identity.

#### **Create professional printed materials quickly and easily**

Produce professional materials in just three simple clicks with Fiery VUE, a free 3D “visual print application” that guides you through an interactive and intuitive workflow—ideal for applications such as printed presentations, booklets, sales guides and training manuals.

#### **Evolve your print workflow**

Automate job submission, make last-minute image corrections, and use advanced queue management to assign print priorities with the features included in the optional Fiery Productivity Package.

*Sharp MX-8090N Color Document System*

#### **Reduce costs**

Fiery servers help control costs in many different ways. IT administrators can create Fiery Virtual Printers or customized printer drivers with appropriate print options for different groups of users or limit certain features to certain group of users. This enables users to print correctly, eliminating waste, with a simple File>Print operation.

*Manage print jobs faster, boost print production with Fiery Command WorkStation® 6*
