A Smart Touch-Screen Helps You Get Your Work Done Fast
The new MX-2640N/3140N/3640N color workgroup document systems feature a 10.1” (diagonally measured) high-resolution LCD that goes beyond basic touch-screen menu navigation. With advanced features that include flick, tap, slide, pinch and zoom, you can quickly access the powerful functions of this new series. In addition, a tilting display panel provides enhanced accessibility. A standard built-in full-size retractable keyboard makes data entry quick and easy.

Easily Check and Edit Your Original Document
Save time and help reduce waste by correctly executing your copy or scan job the first time. With Sharp’s real-time scan preview and edit functions, you can quickly rotate or delete pages, insert blank sheets, remove artifacts, change the color mode, even check the staple position before executing your job. Dynamic action menus provide feature-specific guidance, so it is easy to determine your choices for each operation. For comprehensive, step-by-step instructions on any operation, simply open the on-line user manual and navigate to the feature you need.

High Image Quality You Expect with the Performance You Need
The new MX-2640N/3140N/3640N color workgroup document systems utilize a powerful multi-tasking controller designed to quickly execute complex copy, print and scan jobs even in busy office environments. Plus, with print speeds of 26, 31, and 36 pages per minute, this new series can help elevate your office productivity to new heights. With 1200 x 1200 dpi print resolution and Pantone licensing your business can produce professional-looking color documents with breathtaking image quality.

Flexible Configurations for Today’s Unique Office Environments
This new series offers a flexible paper handling system that includes an available 500 + 2,000-sheet tandem paper drawer. With rugged paper tray handles for easy access and available on-line paper capacity for up to 6,600 sheets, the machine is ready when you are. A standard 100-sheet reversing document feeder combined with automatic trayless duplexing, electronic sorting and integrated offset stacking, allow you to complete even large jobs in a snap.

Advanced Finishing Adds the Final Touch
This series offers a choice of two high-performance finishers that can give your documents a professional look and feel. Choose from a compact inner finisher or floor-standing saddle-stitch finisher. Both finishers offer three-position stapling and an available 3-hole punch.
Advanced technologies deliver outstanding output quality and flexible document distribution at your fingertips.

Exceptional Print Quality with Professional Output
With the MX-2640N/3140N/3640N color series, your business can produce brilliant, high-color documents, as well as razor-sharp B&W documents. Plus, with 1200 x 1200 dpi resolution, even documents with fine detail will look great! Easy-to-use print drivers allow you to set up complex jobs with just a few mouse clicks. The PostScript driver delivers extensive color control options, so you can manage color consistency right from your desktop. For even more flexibility, add the optional XPS kit. With Sharp’s advanced job retention features, jobs can be stored on the hard drive to be reprinted again and again by walk-up users or from the embedded web page.

Integrated Network Scanning
With Sharp’s powerful ImageSEND technology, you get one-touch distribution features that help centralize document workflow, reduce mail costs and save time. With multiple destinations including E-mail, Desktop, FTP, Network Folders (SMB), Home Directory, USB, Fax and Internet Fax, getting your document where it needs to go is as easy as pushing a button. High-volume workgroups will appreciate the Send to Group mode that allows users to broadcast to a mixed group of E-mail, Fax, and Internet Fax destinations for increased efficiency.*

Convenient E-mail Distribution and Document Management
With Lightweight Directory Access Protocol (LDAP), there’s no need to manually enter a recipient’s complete E-mail address. Simply enter the first few characters and it automatically searches and displays a list of matching names. And with Sharpdesk® personal document management software and the available Sharp OSA Network Scanner Tool (NST), users can easily organize their scanned documents and integrate them into everyday workflow.

Innovative Document Filing System For Easy Access
Sharp’s easy-to-use Document Filing System provides a hard disk drive to store frequently used files like forms, templates and reports. With thumbnail preview mode, stored jobs can be located and retrieved quickly. An advanced backup system and PIN-access security helps ensure your files are safe. For critical environments, an optional back-up hard disk drive is available.

Connect Your Workforce with Cloud Portal Office and Collaborate More Easily
Cloud Portal Office is a comprehensive document storage and sharing service that provides a convenient way to seamlessly connect to your business content and easily share and collaborate with team members. You can also capture, index and archive both paper and electronic documents in a single repository. Most importantly, IT administrators can manage and control user access in order to safeguard company data.

*Some features require optional equipment.
Streamline your document workflow and enhance your productivity with Sharp OSA technology.

Integrating With Network Applications and Cloud Services Has Never Been So Easy
The MX-2640N/3140N/3640N color series offers powerful document workflow capabilities to help businesses leverage their network infrastructure, cloud-enabled services and more!* While others are limited to a small circle of productivity, the Sharp OSA development platform allows businesses to leverage the power of their network applications, back-end systems, even cloud-enabled services, right from the touch-screen panel of this new series.

Save Time, Increase Efficiency
You’ll save time and increase the efficiency of everyday tasks with Sharp OSA technology because it can be virtually seamless to the user. Any MX-2640N/3140N/3640N anywhere in the organization can display choices that were once only available on a desktop PC. With one-touch access to business applications via Sharp OSA integration, you can start and finish a document distribution task without worry.

Customized Integration
Sharp OSA technology also provides powerful customization. With the ability to personalize applications and processes specific to your business, Sharp OSA technology can help eliminate redundancy and streamline workflow, helping to save time and optimize productivity. The latest version of Sharp OSA technology can reach beyond the firewall, enabling cloud-based applications over the Internet. And since Sharp OSA technology utilizes industry-standard network protocols such as SOAP and XHTML, third party software developers can deliver customized solutions to your business faster than ever.

The Convenience You Want With the Security You Need
The MX-2640N/3140N/3640N color series with the Sharp OSA development platform is the logical choice for providing fast, flexible access to documents and applications...no matter where you are in the office. You also get the controlled access and tracking ability you require with tighter integration capabilities for network security and accounting applications.

*Some features require optional equipment.
To help protect your data, the MX-2640N/3140N/3640N offers several layers of security, making Sharp the optimum choice to help protect employees privacy and intellectual property.* As a leader in office equipment security, Sharp makes it easy for virtually any business or government entity to safely deploy digital copying, printing, scanning and faxing.

**Authority Groups**
Advanced account management enables administrators to set authority groups for access to features of the MX-2640N/3140N/3640N. Administrators can control which department, for instance, has full access to copying, printing, scanning and/or fax. Walk-up users enter a Code, Local Name and Password, or LDAP User Authentication to access the features assigned to their group.

**Data Overwrite and Encryption**
To help protect your data, the MX-2640N/3140N/3640N can encrypt document data using AES (Advanced Encryption Standard) 256-bit encryption. The MX-2640N/3140N/3640N can also erase the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance. A convenient End-of-Lease feature overwrites all data, including document filing, user data, job status, date and address book.

**Network Scanning Access Control**
To help protect your network from unauthorized E-mail communications, the MX-2640N/3140N/3640N supports User Authentication, requiring users to login before performing any network scanning operations.

**Control Device Access Over the Network**
To help restrict access to the device over the network, the MX-2640N/3140N/3640N offers IPsec, SMB and extended support for SSL Encryption (Secure Sockets Layer), IP/MAC address filtering, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

**Documents Remain Confidential**
The MX-2640N/3140N/3640N offers Confidential Printing, which when used, requires users to enter a PIN code in order to print a queued document. To help protect your direct-print documents from unauthorized viewing, the MX-2640N/3140N/3640N offers encrypted PDF printing and scanning. Additionally, Secure Fax Release ensures received fax documents are held in memory until an authorized user enters a PIN code, so that compliance with healthcare regulations such as HIPAA is easier.

**Tracking and Auditing Information**
Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access and track usage of each device on the network.

**Data Security Kit (Optional)**
For maximum protection, the optional data security kit offers additional features, such as Data Overwrite at Power Up, Document Filing access control and Restricted Status Display.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA), and the Gramm-Leach-Bliley Act (GLB). For additional information visit: www.sharpusa.com/security.

*Some features require optional equipment and/or software.

**Environmental commitment**

**An Environmentally Responsible Approach to Product Design**
The MX-2640N/3140N/3640N utilizes Sharp’s advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste than conventional toners, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and down time, resulting in lower operating costs. With two different energy saving modes, power can be reduced or shut off at set intervals. The MX-2640N/3140N/3640N document systems are ENERGY STAR® certified and RoHS compliant to restrict the use of hazardous substances.

**Toner Recycling Program**
As part of our commitment to helping preserve the environment, Sharp offers our customers zero waste landfill recycling for all Sharp consumables, including cartridges, bottles, toner collection containers and drum units. Sharp encourages customers to recycle their used Sharp toner cartridges in bulk by providing a pre-paid Recycling Kit for their return to our facility.

**Environmental Leadership**
As a testament to our commitment to the environment, Sharp is a three-time winner of the ENERGY STAR annual Excellence in Energy Proficiency Product Design. Sharp is also a four-time winner of the SmartWay® Excellence Award, which recognizes companies for conserving energy and lowering greenhouse gas emissions in logistics and transportation. Sharp was also a previous recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the General Services Administration (GSA) and the Coalition for Government Procurement. These awards recognize environmentally responsible businesses and their efforts on recycling, waste reduction and affirmative procurement practices.

**Global Initiatives**
Sharp is committed to environmental sustainability and corporate responsibility including planning, design, manufacturing, distribution and product end-of-life management. For more information about Sharp’s environmental leadership including information about energy efficient products, electronics or toner cartridge recycling, please visit www.sharpusa.com/environment.
