

AIP CONNECT STREAMLINE YOUR BUSINESS PROCESSES

AIP Connect is a suite of easy-to-use connectors that are designed to perform tasks to enhance the basic print and scan functions of Sharp OSA-enabled MFPs. The AIP Connect platform supports a set of connectors that can be centrally managed. And, it provides IT departments and customers with a secure, integrated and product document scanning and printing experience within their existing and new IT infrastructure.

EMAIL CONNECTOR

The email connector helps send hardcopy documents as secure email messages. Send email from logged in users, store sent emails on each user's sent item folder and integrate with Microsoft® Exchange on-premise and Exchange online.

NETWORK CONNECTOR

The network connector is integrated with Active Directory®, helping scan hardcopy documents securely and conveniently to network share. Scan to shared network folders right from the Sharp MFP control panel.

MICROSOFT SHAREPOINT® CONNECTOR

Enables users to upload scanned hardcopy documents and enter keywords right from the Sharp MFP. Users can also browse Sharepoint document libraries at the MFP to print or select where to store scanned documents.

MICROSOFT ONEDRIVE® CONNECTOR

Seamless integration with OneDrive brings additional convenience and productivity for cloud-enabled workplaces. The OneDrive connector allows users to scan documents to and print from their OneDrive business account directly from the Sharp MFP.

ONBASE® CONNECTOR

The OnBase connector helps establish critical industry-specific business processes for the enterprise, healthcare, legal and many other industries. With the OnBase connector, Sharp MFPs provide seamless integration with OnBase enterprise content management software. It also enables users to upload scanned hardcopy documents into OnBase by Hyland Software® as well as enter keywords right from the MFP.

BLACKBOARD LEARN™ CONNECTOR

The new connector integrates with Blackboard Learn and it enables students to access their assignments and submit scanned, handwritten assignments directly from any connected Sharp MFPs. This new streamlined integration is designed to help students submit their assignments on time.

BENEFITS FOR ADMINISTRATORS

- AIP Connect is a centrally managed single application with multiple connector options. This minimizes IT support to a single application installation allowing for centralized management of the individual connectors, users and settings.
- Connectors for OnBase, OneDrive and Blackboard Learn gives organizations more options to establish critical industry specific processes and brings additional convenience, productivity and workflow.
- New administrative features include “discovery” of devices on the network for easier management of the office fleet.
- Now administrators can push settings to devices and enable/disable connectors with simplified connector settings within the fleet.

BENEFITS FOR USERS

- AIP Connect supports single login for users, for quick and easy access to all AIP Connect connectors just by logging into AIP Connect.
- OnBase, OneDrive and Blackboard Learn connectors help streamline processes and workflow in various environments*.
- AIP Connect supports single sign on with output management software including Kayleigh, PaperCut MF and MX-SW100 print release

*Additional components and/or licenses from Blackboard, OnBase and OneDrive required.

AIP CONNECT SUPPORTED MODELS:

Sharp OSA Platform Support		Sharp OSA Technology
Mono	MX-M264N/M314N/M354N	3.5
	MX-B402SC/B402	3.5
	MX-M364N/M464N/M564N	4.5 Lite
	MX-M365N/M465N/M565N	4.5
	MX-M654N/M754N	4.5
	MX-M904/M1054/M1204	4.5
Color	MX-C301W	4.5 Lite
	MX-C312	3.5
	MX-C402SC	3.5
	MX-2615N/3115N	4.5 Lite
	MX-2640N/3140N/3640N	4.5
	MX-4140N/4141N/5140N/5141N	4.5
	MX-6240N	4.5
	MX-6500/7500 (without Fiery)	4.5
	MX-3050N/3550N/4050N/5050N/6050N	5.0
	MX-3070N/3570N/4070N/5070N/6070N	5.0

AIP Connect v1.2 is supported on Sharp OSA® 3.5 and above enabled devices.

SYSTEM REQUIREMENTS

SHARP MFP

- MX-AMX2 Application Communication Module (ACM) installed on target MFPs
- Sharp OSA 3.5x Technology
- Extended platform should be selected upon application configuration

AIP CONNECT SERVER

- Supported Server OS Environment:

- Windows® 10 Professional/Enterprise (32/64 bit)
- Windows® 8/8.1 Professional/Enterprise (32/64 bit)
- Windows 7 Professional/Enterprise/Ultimate (32/64 bit)
- Windows Server 2012/2012 R2 Standard/Essential/Foundation
- Windows Server 2008 R2/Enterprise/Standard (32/64 bit)

MICROSOFT SQL SERVER® 2008 RS SP2/2014 EXPRESS EDITION REQUIREMENTS (OPTIONAL)

- Microsoft .Net Framework 3.5
- Windows Powershell 2.0
(Only with Windows Server 2012)

AIP CONNECT SUPPORT REQUIREMENTS

- Domain administrator and/or local administrator access to the host PC
- Microsoft IIS (Internet Information Services) 6.0 – 8.0
- Microsoft .Net Framework 4.5
- IIS Web Services running
- Microsoft Outlook Web Access® Protocol enabled for Active Directory users when using the email connector
- AIP cannot be installed on a server with Microsoft Sharepoint, Microsoft Exchange Server, or Windows Server Update Services (WSUS).

WHAT IS SHARP OSA® TECHNOLOGY?

Sharp OSA technology is a software development platform for Sharp multifunction products (MFP). Utilizing industry standard web-services and RESTful Web API technologies, Sharp OSA platform enables integrated and customized applications to add agility to your workplace.

Sharp OSA platform is Cloud ready, providing ultimate flexibility for a corporation to implement business processes in the Cloud or local premises.

INTERESTED IN DEVELOPING A SHARP OSA APPLICATION?

Sharp extends Sharp OSA technology through the Sharp Partner Program. More innovative and advanced applications are available from program members. Sharp also encourages corporate customers and independent software vendors to take advantage of Sharp OSA technology. For more information, visit www.sharp-partners.com

AIP Connect is available exclusively through Sharp Authorized Integrator Program (AIP) Dealers. In addition to AIP Connect, more applications are available through AIP dealers to take your business process to the next level. Find AIP dealers near you with the dealer locator at www.sharppusa.com
