"Better Buys for Business Editor's Choice Award"

**SUPERIOR IMAGE QUALITY WITH PRODUCTIVE FEATURES**

The MX-6500N and MX-7500N high performance color document systems offer exceptional productivity, professional features and world-class image quality at speeds up to 75 ppm. Designed for busy in-plant and on-demand workflow environments, these new models combine a versatile, modular design with a wide range of supported media and powerful output capabilities that can help your business produce more jobs in-house and improve profitability.

**Key Features**

- Edge-to-edge printing enables operators to output high quality, full-bleed booklets in-line, helping to reduce outsourcing costs as well as production time.

- A powerful external Fiery® Color Print Server with Command WorkStation® is available for color critical environments that need precision job management. Command WorkStation is fully integrated with the Sharp touch-screen for unmatched control and ease-of-use.

- Sharp’s exclusive triple air-feed paper handling option provides higher reliability for maximum uptime as well as enhanced media support, and is virtually maintenance free.

The MX-6500N and MX-7500N also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp’s industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to help safeguard your business’s intellectual property. And when it comes time to trade in, a convenient End-of-Lease feature can erase all job data and user data.
An advanced design plus multi-function capability allow you to meet tomorrow's document needs today.

- Flexible modular design provides a wide variety of configurations from basic high-speed copying and printing to professional folding and booklet making
- 150-sheet Duplex Single Pass Feeder (DSPF) scans documents at up to 150 images per minute
- Up to 13,500-sheet paper capacity supports media up to 110 lb. cover stock (300 gsm) and up to 13” x 19” output
- On-board paper catalog stores up to 1,000 media profiles to help streamline job set-up and maintain optimum output quality
- Sharp’s Color Consistency System with next generation image process control delivers high-quality color output and maintains optimum color balance and toner density page after page
- Standard PCL®6 and true Adobe® PostScript®3™ with available Windows® XPS printing systems
- Large 15.4” (diagonally measured) high-resolution color touch-screen display with integrated keyboard
- PANTONE Licensing offers unprecedented levels of color fidelity to the PANTONE MATCHING SYSTEM®
- True 1200 x 1200 dpi printing with 8-bit processing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- Standard Job Management features make it easy to print on-demand as well as retain jobs, combine jobs, repaginate jobs, edit pages and more
- Energy efficient belt fusing offers low power consumption, fast warm up time, enhanced print quality and greater media capabilities
- Convenient End-of-Lease feature can erase all files on the hard disk drive, all user data, job status data and address book data at trade-in time
Production class paper handling, full-bleed printing, with versatile in-line finishing – the MX-6500N/7500N capabilities will exceed your expectations.

**High Performance Paper Handling with Air-feed Technology**

Sharp understands the importance of productivity, that’s why the new MX-6500N and MX-7500N Pro Series Color Document Systems offer up to **13,500-sheet paper capacity** and support **media types up to 110 lb. cover (300 gsm)**, even when duplexing! Sharp’s advanced large capacity paper tray option uses air-feed technology, which minimizes downtime. A feature typically found on printing presses, the triple air-feed system directs air flow with precision accuracy to ensure proper paper handling. A standard dual head document feeder can scan up to **150 images per minute**.

**Print full-bleed High Quality Color Booklets In-line**

With the MX-6500N/7500N innovative **edge-to-edge printing** feature, operators can produce compelling **full-bleed color booklets** up to 80 pages. Sharp makes it easy with the available MX-FN22 Saddle Stitch Finisher and MX-TM10 Trimmer Unit. For even more productivity, choose the Plockmatic Booklet Maker System, which can **produce up to 120-page saddle-stitch or square fold spine booklets**. Help reduce outsourcing costs as well as production time by producing high quality full-bleed booklets in-house.
With the available MX-PE10 Fiery Color Print Server, the Sharp Pro Series Color Document System becomes a powerful integrated solution for managing professional in-plant and busy on-demand printing environments.

- Easily manage jobs with Fiery® Command WorkStation® fully integrated at the Sharp control panel for unmatched control and ease of use
- Deliver high impact documents with vibrant color fidelity that maintains consistent results page after page
- Process large, complex jobs at speeds up to 75 ppm that will exceed your expectations

**Better Productivity with Higher Performance**
The powerful architecture of the MX-PE10 Fiery Server shortens turnaround times, while helping companies produce professional-looking finished jobs that win them new business and get their customers noticed.

**Outstanding Color Across Applications**
In demanding environments, achieving accurate color every time is critical. The integrated Fiery color management tools provide superior color control out of the box. Customers who routinely use transparencies, and other effects such as drop shadows, can rest assured that their designs will be printed correctly.

**Centralized Control and Automated Management**
The MX-PE10 Fiery Server offers a centralized solution that features the award winning Command WorkStation®. Its interactive WYSIWYG interface enables operators to monitor, control and troubleshoot production from multiple desktops or locally at the Fiery Server directly from the Sharp Pro Series touch-screen.

**Industry-Leading Production Print and Variable Data Tools**
The MX-PE10 Fiery Server offers optional make-ready tools and driver-based imposition with Booklet Maker, to efficiently handle many production processes. It enables customers to produce short-run jobs profitably by automating manual tasks, and increases workflow flexibility by supporting industry-leading variable data printing (VDP) formats including PPML and the new PDF/VT-1 and 2 formats.

**Integration with Third Party and Other EFI Solutions**
The MX-PE10 Fiery Server uses the Adobe PDF Print Engine (APPE) v2.5 rendering technology to offer a native end-to-end PDF workflow. The Fiery open platform also supports industry standards and seamlessly integrates with existing MIS environments, third-party vendors and other EFI MIS solutions.
The MX-6500N and MX-7500N Pro Series Color Document Systems utilize a powerful multi-processor controller designed to quickly execute complex print and copy jobs in busy production environments at speeds up to 65ppm and 75ppm respectively.

**Flexibility**

**High Quality Professional Output**
Produce brilliant color documents as well as compelling black and white documents with crisp razor-sharp graphics. True 1200 x 1200 dpi resolution with 8-bit processing helps ensure all your documents will look great.

**Versatile Finishing Options**
Two powerful finishing systems are available – a 4,000-sheet stacking finisher with 100-sheet stapling capacity or a 4,000-sheet saddle-stitch finisher, which can produce up to 80-page full-bleed booklets with the available face trimmer unit.

**Plockmatic Production Booklet Maker System**
Produces 120-page full-bleed, square-fold spine booklets in-line at engine speed.

**Multi-Folding Unit**
Provides a variety of folds, including Z-fold, C-fold, Accordion fold, Double fold and Half fold.

**GBC® SmartPunch Pro™**
Professional punching system produces up to seven commonly used punch styles for creating professional bound booklets.

**5,000-Sheet Stacker**
For high volume post process jobs add the 5,000-sheet stacker with standard paper cart. Connect two stackers in tandem (as shown) for unattended output of up to 10,000 sheets.
HIGH IMPACT VERSATILITY AND SCALABILITY

**Color Consistency System**
Sharp’s Color Consistency System combines Micro-fine Toner Technology with advanced Developer Refresh Technology and next generation Image Process Control. This synergy of processes helps ensure color output is at peak performance page-after-page and job-after-job.

**Convenient Job Management**
1TB hard disk drive provides on-board document storage. An intuitive thumbnail view makes it easy to select, edit, reprint, repaginate and more.

**Post Sheet Inserter**
Produce professional looking documents with pre-printed covers and chapter inserts with the available post sheet inserter.

**Integrated Network Scanning**
Sharp’s ImageSEND™ feature provides one-touch document distribution. Scans to multiple destinations, including E-mail, FTP, Network Folder (SMB and Home Directory) and USB.

**Duplexing Single Pass Feeder (DSPF)**
Standard 150-sheet dual head document feeder scans both sides of a document in a single pass at up to 150 images per minute (IPM). This system helps maximize both efficiency and reliability.

**15.4” (diagonally measured) Touch-screen**
A large, high resolution touch-screen with tablet-style navigation makes it easy to access features. You can also add shortcut keys to popular features, change the key layout or add a custom background theme.

**500-Sheet Multi-Bypass**
Feeds paper sizes from 5-1/2” x 8-1/2” to 13” x 19”. Also feeds banner paper up to 12” x 47.2” with the available Long Paper Feeding Tray.

**Superior Media Handling**
Sharp’s advanced 5,000-sheet large capacity paper tray option utilizes triple air-feed technology, which directs air flow with precision accuracy for proper paper handling and enhanced media support up to 300 gsm. Two large capacity trays can be connected in tandem (as shown).

**Color Consistency System**
- Micro-Fine Toner Technology
- Developer Auto Refresh Process
- Real-Time Process Control

**Color Consistency System**

**Independent Motors**
Insulated independent motors run quieter and provide higher reliability.

**3,000-Sheet Standard Paper Capacity**
Includes 2,000-sheet letter size tandem tray and two 500-sheet letter/legal/ledger size trays. Add optional paper handling accessories for a maximum on-line paper capacity of 13,500 sheets.

**Rigid Frame Construction**
Offers increased durability and reliability to withstand heavy use.
**Versatile and Customizable To Fit Your Needs**

The MX-6500N/7500N Pro Series Color Document Systems offer flexible paper handling and finishing options to accommodate any size in-plant or on-demand workflow environment.

**Modular Options Make It Easy To Build the System of Your Choice**

Options for the MX-6500N/7500N enable businesses to choose from several high performance finishing systems that offer up to 100-sheet stapling, professional saddle stitch booklet making and three-hole punching. More advanced configurations include a square-fold spine Booklet Making System, a professional punching system, high capacity paper stackers, a two-tray inserter, a multi-folding unit and a trimmer unit.

*Some options not available in all configurations, see your local dealer.*
GET MORE OUT OF NETWORK RESOURCES

Streamline your document workflow and enhance productivity with Sharp OSA technology.

Integrating with Network Applications and Cloud Services Has Never Been So Easy
With standard Application Communication and External Accounting modules, the MX-6500N/7500N color series offers powerful document workflow capabilities to help businesses leverage their network infrastructure, cloud-enabled services and more.* While others are limited to a small circle of productivity, the Sharp OSA development platform allows businesses to leverage the power of their network applications, back-end systems, even cloud-enabled services, right from the touch-screen panel of this new series.

Save Time, Increase Efficiency
You’ll save time and increase the efficiency of everyday tasks with Sharp OSA technology because it can be virtually seamless to the user. Any MX-6500N/7500N anywhere in the organization can display choices that were once only available on a desktop PC. With one-touch access to business applications via Sharp OSA integration, you can start and finish a document distribution task without worry.

Customized Integration
Sharp OSA technology also provides powerful customization. With the ability to personalize applications and processes specific to your business, Sharp OSA technology can help eliminate redundancy and streamline workflow, helping to save time and optimize productivity. The latest version of Sharp OSA technology can reach beyond the firewall, enabling cloud-based applications over the Internet. And since Sharp OSA technology utilizes industry-standard network protocols and web APIs, third party software developers can deliver customized solutions to your business faster than ever.

Connect with Cloud Portal Office and Collaborate More Easily
Cloud Portal Office is a comprehensive document storage and sharing service that provides a convenient way to seamlessly connect to your business content and easily share and collaborate with team members. You can also capture, index and archive both paper and electronic documents in a single repository. Most importantly, IT administrators can manage and control user access in order to safeguard company data.

* Some features require optional equipment.

ADVANCED DEVICE MANAGEMENT TOOLS MAXIMIZE EFFICIENCY

The MX-6500N/7500N Pro Series Color Document Systems enhance operational efficiency through versatile device management.

Sharp Remote Device Manager (SRDM)*
Make management of your MX-6500N/7500N simple and straightforward with Sharp Remote Device Manager (SRDM). This easy-to-use software allows you to take control of the versatile system features and simplifies installation and management.

• With Printer Status Monitor, network users can view printer conditions, check paper levels, toner, and more, all through an easy-to-use interface.

• With Sharp Remote Device Manager, administrators can easily manage the setup, configuration, device settings and more. Advanced features such as Remote Front Panel allow administrators and support personnel to view and control the LCD panel of the machine remotely from virtually any PC on the network. Plus, with event-driven service alerts, administrators and supervisors can achieve higher productivity. Now it is easier than ever to view click counts, history reports and more.

• Experience the convenience of an Embedded Web Page right from your desktop. This advanced web-based management tool allows users to create and manage their own network scanning destinations, profiles and web-links. Administrators can access device settings, color control, account information and security settings.

Take Charge of Color Usage and Costs
With Sharp’s device management system, administrators and supervisors can define user groups on the MX-6500N/7500N to manage and restrict features, such as color copying, scanning or printing. Easily set up a custom user group to manage page counts (copy, print, scan or fax operations) for both color and B&W. This helps to simplify cost management of color imaging. The MX-6500N/7500N can store profiles for up to 1,000 users.

24/7 Training with My Sharp™
Managing all of the advanced features of your Sharp product is simple and easy. Ask your Authorized Sharp Dealer about the My Sharp website. This dedicated customer training website is customized to your MX-6500N/7500N and allows you to locate resources and find information specific to your configuration, truly helping you maximize your investment.

* Not available at time of launch.
Innovative document and device protection helps ensure confidentiality.

To help protect your data, the MX-6500N/7500N offers several layers of Standard Security, making Sharp the optimum choice to help protect employees’ privacy and intellectual property. As a leader in office equipment security, Sharp makes it easy for virtually any business or government entity to safely deploy digital copying, printing, scanning and faxing.

**Authority Groups**

Advanced Account Management enables administrators to set authority groups for access to features of the MX-6500N/7500N. Administrators can control which department, for instance, has full access to copying, printing and/or scanning. Walk-up users enter a code, Local Name and Password, or LDAP User Authentication to access the features assigned to their group.

**Data Encryption and Overwrite**

To help protect your data, the MX-6500N/7500N can encrypt document data using AES (Advanced Encryption Standard) 256-bit encryption. The MX-6500N/7500N can also erase the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance. A convenient End-of-Lease feature overwrites all data, including the Document Filing area, user data, job status data and address book.

**Network Scanning Access Control**

To help protect your network from unauthorized e-mail communications, the MX-6500N/7500N supports User Authentication, requiring users to login before performing any network scanning operations.

**Control Device Access Over the Network**

To help restrict access to the device over the network, the MX-6500N/7500N offers IPsec, SMB and extended support for SSL Encryption (Secure Sockets Layer), IP/MAC address filtering, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

**Documents Remain Confidential**

The MX-6500N/7500N offers Confidential Printing, which when used, requires users to enter a PIN code in order to print a queued document. To help protect your direct-print documents from unauthorized viewing, the MX-6500N/7500N offers encrypted PDF printing and scanning.

**Tracking and Auditing Information**

Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access and track usage of each device on the network.

**Data Security Kit (Optional)**

For maximum protection, the optional data security kit offers additional features, such as Data Overwrite on-demand and at power up, Document Filing access control, Incorrect Password Lockout and Restricted Status Display and Restricted List printing.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA) and the Gramm-Leach-Bliley Act (GLB). For additional information visit: www.sharpusa.com/security.
Sharp’s environmental initiatives and dedication to developing energy efficient document systems set a high standard for the industry.

An Environmentally Responsible Approach to Product Design
The MX-6500N/7500N Pro Series Color Document Systems utilize Sharp’s advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste than conventional toners, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and downtime, resulting in lower operating costs. With two different energy saving modes, power can be reduced or shut off at set intervals. All Sharp document systems are ENERGY STAR® qualified and RoHS compliant to restrict the use of hazardous substances.

Toner Recycling Program
As part of our commitment to helping preserve the environment, Sharp offers our customers zero-waste-to-landfill recycling for all Sharp consumables, including cartridges, bottles, toner collection containers and drum units. Sharp encourages customers to recycle their used Sharp toner cartridges in bulk by providing a pre-paid Recycling Kit for their return to our facility.

Environmental Leadership
As a testament to our commitment to the environment, Sharp is a multi-year winner of the ENERGY STAR® annual Excellence in Energy Proficiency Product Design. Sharp is also a multi-year winner of the SmartWay℠ Excellence Award, which recognizes companies for conserving energy and lowering greenhouse gas emissions in logistics and transportation. Sharp was also a previous recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the General Services Administration (GSA) and the Coalition for Government Procurement. These awards recognize environmentally responsible businesses and their efforts on recycling, waste reduction and affirmative procurement practices.

Global Initiatives
Sharp is committed to environmental sustainability and corporate responsibility including planning, design, manufacturing, distribution and product end-of-life management. For more information about Sharp’s environmental leadership including information about energy efficient products, electronics or toner cartridge recycling, please visit www.sharpusa.com/environment.
MX-6500N/7500N SPECIFICATIONS

**Network Printing System (Standard)**

- **PDL**
  - Standard PCL 6, compatible Adobe®, PostScript® 3™, optional PS 3.4

- **Resolution**
  - 1200 dpi, 4-bit dither processing

- **Print Speed**
  - 65/75 pages per minute (8½” x 11”)

- **Printers**
  - Windows Server® 2003-2008, Windows XP, Windows XP x64, Windows Server 2003-2008 x64, Vista®, Windows Vista® x64, Windows 7, Windows 7 x64, Windows 8, Windows 8 x64, MAC OS (excluding 10.4, 10.5, 10.6, 10.7, all MAC PPDs)

- **Features**
  - Auto configuration, continuous printing, edge to edge printing, electronic setting, Ai up-printing, dupplex printing, transparency inlays, margin shift, image rotation, different cover page, paste print, job bypass print, job retention, confidential print, proof print, user authentication, image and watermark.

  Additional features: Multiple pamphlet print, network tandem print, carbon copy print mode, different cover page/footer, other form, overlay, tab paper settings, tab printing, character image, page interleaf.

- **Direct Printing**
  - File Types: TIFF, JPEG, PCL, PPI, TXT, PDF, Encrypted PDF, PostScript and Windows XPS

  - FTP, Web page, E-mail and USB

- **Resident Fonts**
  - 80 outline fonts (PCL), 136 fonts (PS)

- **Interface**
  - RJ-45 Ethernet 10/100/1000Base-T, USB 2.0

- **Operating Systems**

- **Systems**
  - Windows 7, Windows 8, MAC OS X 10.4, X, 10.5, X, 10.6, 10.7, 10.8, Novell Netware®, Unix®, Linux and Citrix® (XP/KP 5.0 6.0, 6.2) and Windows Terminal Services, SAP device types.

- **Protocols**

- **Printing Protocols**
  - LPR, PS, RAW, POF (PostScript (3.0), FTP and Network Printer/Printer

- **Security Settings**
  - IEEE-2600™-2000, DoD (NSTISSI #1171, CAC/PM access control

- **Network Scanning System (Standard)**

  - **Scan Modes**
    - Sheet-fed, Duplex, Monochrome, grayscale

  - **Original Size**
    - 11” x 17” (Max.)

  - **Resolution**
    - 600 dpi

  - **Output Modes**
    - 600 dpi, 400 dpi, 300 dpi, 200 dpi, 150 dpi, 100 dpi

  - **Image Formats**
    - Monochrome: TIFF, PDF, PDFv, Encrypted PDF, Compact PDF, XPS: Color, Grayscale, Color TIFF, JPEG, PDF, Encrypted PDF, XPS

  - **Image Compression**
    - Monochrome: Uncompressed, G3 (MM, MMR, MMRR, Color/Grayscale: G3 (high, medium, low), Compact PDF

  - **Scan Types**
    - E-mail, FTP, Folder (SMB), USB

  - **One-touch Dest.**
    - Up to 2000 (combined scan destinations)

  - **Group Dest.**
    - Up to 800 destinations

  - **Programs**
    - 48 (combined)

  - Max. Jobs
    - Up to 100

  - **Protocols**
    - TCP/IP, SSL (includes HTTP, SMTP, LDAP, DPAP, POP3, SMB, SMPT/2 and 802.1x.

  - **Network Security**
    - E-mail server user authentication for LDAP and Active Directory

- **Fiery Color Print Server (Option)**

- **Server Type**
  - External Server

- **System Software**
  - Fiery Fries Pro Server

  - CPU Type
    - 1.6 GHz Intel Xeon 5150, Xeon 5140, Xeon 5170

  - CPU Speed
    - 3.1 Gz

  - Memory
    - 4 GB RAM

  - Hard Drive
    - 700 or less

  - Operating System
    - Windows 7 Professional for Embedded Systems x32/x64, Windows 7, Windows 7 x64, Windows 8, Windows 8.1

  - User availability and document administration.

- **Account Control**

  - User name authentication

  - **Output Capacity**
    - 250 sheets (Face to Face)

  - **Hardware**
    - Ultra-RSC (USB), network update capability and 1 to 1 update capability

  - **Network Management**
    - SMIRK (Sharp Remote Device Management)

  - **Configuration**
    - Web-based configuration with administrator level login, covering 1 to 1 with SMIRK and remote front panel access

  - **Service/Functions**
    - Remote front panel, access to service logs and client logs

  - **Accessibility**

  - **Features**
    - Tray Front Panel, Adjustment of Key Touch-Send and Document Storage, Supports Feed Error Free Shop, Job Programs, Remote Front Panel, Universal Grip for Paper for Tray, and Beeline Screen Timeout

  - **Environmental**
    - International Energy Star Program Ver.1.2, Low on Promoting Standards

  - **Green Purchasing**
    - European RoHS

  - **Power Source**
    - 120 V, 60 Hz, 20 Amps

  - **Consumption**
    - Maximum: 2800W or less

  - **Weight**
    - MX-6500N/7500N: Approx. 490 lbs.

  - Dimensions
    - 33 1/4” (W) x 33 1/4” (D) x 48” (H)

- **4K-100 Sheet Stacker/Saddle Stitch Finisher (Option)**

  - **Type**
    - 4000-sheet saddle stitch finisher (100-sheet stapling)

  - **Output Trays**
    - Upper Tray: 1500-sheet (up to 1,500 letter size sheets)

  - **Staple Capacity**
    - Up to 100 sheets of standard size

  - **Staple Position**
    - Front 1, rear 2, point stitching

  - **Per. Source**
    - 120 VAC, 60 Hz, 15 Amps

  - **Consumption**
    - 2000W at 220V with MX-9100

  - **Weight**
    - Approx. 134.5 lbs.

  - **Dimensions**
    - Approx. 30.3/4” x 30” x 41” (H with tray extended)

- **Optional Equipment**

  - **Paper Trays**
    - 4,000-sheet console saddle-stitch finisher

  - **Paper Trays**
    - Up to 5 sets (6-15 sheets)/sets (11-15 sheets per set)/15

  - **Max. Sets**
    - 6-15 sheets per set/sets (11-15 sheets per set)

  - **Per. Source**
    - 120 VAC, 60 Hz, 15 Amps

  - **Consumption**
    - 2000W at 220V with MX-9100

  - **Weight**
    - Approx. 134.5 lbs.

  - **Dimensions**
    - Approx. 30.3/4” x 30” x 41” (H with tray extended)

---

**Main Specifications**

**MX-6500N/7500N**

- **Base models include:** 150-sheet DSSP, 3,000-sheet paper capacity.
- **Paper Finisher:** Duplex, 4K 100-Sheet Stapler/Saddle Stitch Finisher (Option)
- **Network Printing:** PCL, PCL5, PCL6, PostScript® 3™, optional PostScript® 3™
- **Network Protocols:** TCP/IP, IPv4, IPv6, IPSec, SSL, HTTP, FTP, TFTP, SMB/SMB2, SMPT, POP3, PLIP, SMTP, 1000 x x Frame Protocol for Unix, IPSK+XP for Novell environments, AppleTalk®, AppleTalk for Macintosh environments.
- **Security Settings:** E-mail server user authentication for LDAP and Active Directory
- **Fiery Color Print Server (Option):**
  - External Server
  - OS: Windows 7, Windows 8, MAC OS X 10.4, X, 10.5, X, 10.6, 10.7, 10.8, Novell Netware®, Unix®, Linux and Citrix®
  - CPU: 1.6 GHz Intel Xeon 5150, Xeon 5140, Xeon 5170
  - Memory: 4 GB RAM
  - Hard Drive: 700 or less
  - Operating System: Windows 7 Professional for Embedded Systems x32/x64, Windows 7, Windows 7 x64, Windows 8, Windows 8.1
- **Account Control:** User name authentication and document administration.
