1. TONER CARTRIDGE REPLACEMENT

When toner is low, the error indicator will light up and "TONER CARTRIDGE IS NEAR EMPTY." will appear in the display to alert you to purchase a new toner cartridge. If copying is continued while the indicator is lit, copies will gradually become lighter until the toner runs out. When the toner runs out, the machine will stop operating, the error indicator will blink, and "REPLACE THE TONER CARTRIDGE" will appear in the display. Follow the procedure below to replace the toner cartridge.

1. Remove the toner cartridge from the bag.
2. Open the bypass tray, and then open the side cover while pressing the side cover open button.
3. Gently pull the toner cartridge out while pressing the lock release lever.
4. Squeeze the lever of paper guide (A) and slide the guide to match with the width of the paper. Move paper guide (B) to the appropriate slot as marked on the tray.
5. Fan the paper and insert it into the tray. Make sure the edges go under the corner hooks.
6. Gently push the paper tray back into the unit.

4. HOW TO USE THE OPERATION GUIDE

Detailed explanations of the functions that can be used on the machine are provided in the Operation Guide in PDF format.
The warm-up time may vary depending on the ambient conditions.

When making multiple duplex copies, the copy speed will vary based on the type of media used. 

**SPECIFICATIONS**

**Noise level**
- Max. 65 dBA (front side)
- Max. 68 dBA (rear side)

**Dimensions**
- Max. 449 mm (W) x 444 mm (D) x 88 mm (H)

**Power supply**
- Drawn from the machine

**Facsimile expansion kit (MX-FX12)**
- For specific applications of expansion kit MX-FX12, please refer to the MX-FX12 fax operation manual included.

**SOFTWARE LICENSE**

The SOFTWARE LICENSE will appear when you install the software from the CD-ROM. Using any or all portion of the software on the CD-ROM or in the machine, you are agreeing to be bound by the terms of the SOFTWARE LICENSE.
